-All prices are for a PEACE CULTURE MUSIC program at your community and include setup, fully facilitated enrichment programs featuring rare musical instruments from around the world, plus take-home learning supplements for both the student and parent to review and further connect with the lessons.

-Standard rates for travel and lodging are applied to each visit. We route our schedule for maximum efficiency and whenever possible, visit multiple schools in a single region to minimize travel costs. Please help us by connecting us with other communities that you think might welcome our programs. Your interest is how we are able to do what we do!
